## Fear Of Other Memes

Community-driven meme coin on Solana

2025 Edition

# ■ Whitepaper – $FOOM

## Introduction

$FOOM (Fear Of Other Memes) is a community-driven meme coin built on Solana. Our mission is simple: turn hype into value. FOOM grows stronger with every holder, every raid, and every meme. The community is the utility.

## Tokenomics

Total Supply: 1,000,000,000 FOOM

Initial Price: $0.00000688

Liquidity: 20,000,000 FOOM + 0.6 SOL (~$300)

Allocation: 91% Public, 3% Airdrops, 3% Team, 3% Marketing, Staking Pool

Transaction Tax (3%): 1% Staking, 1% Liquidity, 1% Marketing

## Staking & Rewards

- Holders can stake FOOM and earn rewards.
- Rewards come from 1% tax on every transaction.
- Goal: long-term holding, less selling pressure.

## Growth Strategy

- Liquidity Growth: each trade strengthens LP.
- Marketing Push: raids, shills, collabs, meme campaigns.
- Buybacks: milestone buybacks to support price.
- Community Power: FOOM Army leads the hype across platforms.
